SUSTAINABILITY IS PART OF OUR DNA

The name of ADDCO is synonymous with growth and prosperity. The group has helped to transform the region; while simultaneously putting the United Arab Emirates on the map. In line with the ideology of sustainable investing, ADDCO has always put the interests of society and humankind first; with our sustainable projects spanning a multitude of industries.

ADDCO continuously strives to develop novel ideas and concepts to empower communities. The leadership aims to equip the youth of today with the required skills to become leaders of tomorrow. Our thinktank identifies opportunities that have a long-lasting impact on the society. ADDCO's long term vision is to create equal opportunities on a global scale to mobilize societies and create a prosperous future for all.

ADDCO is well placed to transition into the digital landscape; and to that end, we already have signed several MOUs to establish technology programs all over the globe. The group aims to become one of the first in the region to leverage the opportunities of a digital economy.

FROM THE MANAGING DIRECTOR ADDCO Has An Undeniable Legacy Etched In The History Of The UAE

It gives me immense pleasure to witness ADDCO grow by leaps and bounds since 1968. What started as a passion project decades ago has now contributed considerably to the development of UAE's infrastructure.

The future plans of ADDCO include international expansion, development of sustainable energy programs, R & D into genetic engineering, robotics, investments in fintech startups, establishing smart automobile companies, setting up health-care facilities, partnerships with educational institutes and the list goes on. With more than 50 companies under our group, we are poised to change the outlook of the region.

ADDCO Continues Towards Its Journey Of Success And Prosperity. For Us, It Is Only Onwards And Upwards From Here.

ADDCO is always on hand to partner with NGOs and social service organizations to improve the livelihood of communities. We believe the key to grow and prosper is by standing together during all times. Finally, I'd like to say that ADDCO has left its footprint all over the GCC region, and I hope in the foreseeable future, the group extends its endeavors across different continents.

EMIRATES CORPORATE SUPPORT

Liberal Lawyers

Liberal Lawyers is the pre-eminent law firm in the UAE operating from Dubai. Established in 2007, the firm is committed to delivering the highest quality advice, litigation and paralegal services that focus on the needs of our clients with timely solutions to their legal problems. We have a strong team who understands the dynamics of UAE and the global markets - with most of them being multilingual speakers.

Emirates Communications

Emirates Communications is the brand planning arm of Emirates Corporate Support. It focuses on delivering brand & communication strategies to clients. Emirates Communications specializes in developing brand architecture, brand strategy, positioning, etc., to transform businesses in terms of brand perception. The agency has successfully repositioned and rebranded both small- and large-scale businesses with its original and insightful solutions.

Emirates Procurement

Emirates Procurement forms part of the larger Emirates Corporate Support Group that offers trendsetting corporate services to corporations in the UAE. Our team negotiates the most reasonable costs with vendor to supply our clients with supplies and materials. The group is committed to reduce costs and increase value to its client-base.

Emirates Management

Emirates management is one of the largest and most efficient management companies in the region. Our services include Strategic Consultancy, Business Intelligence, Outsourcing, HR Gamification, Headhunting & Recruitments, etc. The firm is projected to account for approximately a quarter of all hirings in the tech sector in UAE. In the next few years, the company is expected to become the leader in corporate management solutions across the GCC region.

Emirates Supply Chain

Emirates Supply Chain offers state of the art logistics, warehousing, integrated supply chain management, freight management, less than truck load (LTL) and e-commerce solutions. Our organization helps to move goods in the lowest turnaround time, whilst ensuring client satisfaction. Considering the pace at which digital products/services are gaining ground, Emirates Supply Chain is steadily transitioning into a digital 3PL and warehousing solutions provider for small and medium size enterprises (SMEs) all across the GCC.

Emirates ICT

Emirates ICT is renowned in the region as a major player supplying commercial IT equipment, managed IT services, data centers, IoT (Internet of Things) ERP solutions and various other tech and digital communication products/services. Emirates ICT aims to transform the digital landscape of UAE by introducing cutting edge communications technology via subsidiaries i-technologies and Oakland (golden partner of Odoo).

Liberal Advisers

Liberal Advisers forms part of our advisory group of companies; and focuses on resolving complex business problems with our seasoned consultants. Our strategic consultancy has paved way for improved ROI and sustainability for clients. To function as a customer-centric company, we have multilingual experts at our disposal; who navigate strategic business battles for corporations with complete authority and responsibility.

Tahsiil

Tahsiil provides debt recovery solutions to a wide range of companies all over the Emirates. Our clients and track record are testament to our work. We employ an impeccable set of policies and practices that ensure our clients are reimbursed of all their debts owed to individuals/companies in an amicable way. Moreover, Tahsiil also offers outsourced accounts receivable solutions to clients, which saves valuable time and resources.

Emirates Digital Marketing

Emirates Digital Marketing forms the digital execution arm of Emirates Communications; and focuses specifically on digital marketing. The company's services include social media marketing, community management, website development, search engine optimization, search engine marketing and various other forms of digital marketing including gamification, market intelligence, and programmatic ads.

Emirates Advertising

Emirates advertising forms the core of our advertising and marketing wing. Against the norms of conventional advertising, the company focuses on achieving ROI for its clients above anything else. Our philosophy is to gauge a brief or concept from a profitability point of view. Our team diligently studies the business, its pain points, differentiators, and competitors to brainstorm the right strategy for the long term.

Emirates Marketing and Publicity

Emirates marketing and publicity is the off line brand activation arm of Emirates Communications. The company specializes in conventional & unconventional media. The company offers all spectrum of advertising services; including ATL, BTL, Media Buying, PR, Guerilla Marketing Events and Exhibitions, etc. The company has an impressive portfolio of local and international clients that is constantly growing.

Emirates Human Resources

Emirates Human Resources aims to become the largest and most efficient human resource company in the region which includes Strategic Consultancy, Outsourcing, HR Gamification, Headhunting & recruitments, etc. Emirates Human Resources is a subsidiary of the larger Emirates Management company; which provides 360 corporate management solutions to clients based all over the GCC region.

Taodeef

Taodeef specializes in providing corporate outsourcing solutions to companies in various industries. Our scope of services includes permanent and temporary staffing, visa and payroll solutions, executive search, PRO services etc. We have a proven track record of providing top notch solutions to clients belonging to industries such as banking and finance, IT, Healthcare, Hospitality and Leisure, Supply Chain and Logistics, Events and Exhibition.

Oakland (Golden Partner of Odoo ERP)

ADDCO recognizes the significance of technology in our daily lives. Hence, the Group is rapidly adopting the latest and most advanced practices from the world of technology. Emirates ICT (Our IT and communications company) frequently connects with thought leaders from the IT world to discuss exciting projects for the present and future.

To highlight our commitment to promoting IT in the region, the company invested in OAKLAND (golden partner of Odoo ERP), which offers custom-tailored solutions to SMEs as well as large corporations to offer smoother and seamless operations in all areas of a business. The software is a benchmark in its niche; and is enabling businesses to attain rapid growth and success.

i-Technologies

i-Technologies, subsidiary of Emirates ICT is a world-class global business acceleration firm focused on helping technology companies to establish and expand a strong presence throughout the GCC, Middle East and North Africa, through a proven combination of expert guidance, rich relationships and a strong local presence. We assist companies in all stages, from initial market assessments and qualification, to general business development and growth acceleration.

BANKING DIVISION

Commercial Bank International (CBI)

As a local UAE bank, CBI has been helping leading companies and ambitious people of the UAE manage their business and personal finances with confidence since 1991. This confidence comes from our financial strength and stability, supported by our investment grade rating from Fitch.

First Abudhabi Bank (FAB)

First Abudhabi Bank, the UAE's largest bank and one of the world's largest and safest institutions, offers an extensive range of tailor-made solutions, and products and services, to provide a customized experience. Through its strategic offerings, it looks to meet the banking needs of customers all across the world.

Dubai Islamic Bank (DIB)

Established in 1975, DIB holds the distinction of being the first Islamic bank of the world. Over the years, the bank has expanded its operations to include numerous innovative products and services for personal and business users. DIB is poised for greater things in UAE and rest of the world.

INVESTMENT & FINANCE

World Investments

World Investments is part of a legacy that transformed UAE into what it is today. It is the main financial and investment organ of the ADDCO group and serves prestigious clients all over the UAE. The company further has three subsidiaries; IMF, Market Makers and General Technologies.

International Monetary & Finance (IMF)

International Monetary and Finance is part of the investment sector of ADDCO. The function of the company is to open funds and provide the required capital to startups as well as companies aiming to scale up operations. IMF has a global outreach; as reflected by its portfolio of clients.

Market Makers

Working side by side with World Investments, Market Makers offers unique and highly bespoke investment management solutions to clients across UAE. Moreover, the company operates as a provider of different types of financial solutions and is fully regulated by the relevant authorities.

General Technologies

General Technologies AG identifies, finances and advises energy and emerging market companies that are characterized by a sustainable concept and growth perspective. The group's current area of focus is on two core businesses; direct investments and capital market consulting.

TANMIEA GROUP

Emirates Development

Emirates Development’s scope of work includes development of urban infrastructure, townships, communities, healthcare centers, educational institutes, technology hubs etc. The company has been active for many decades and been awarded with numerous projects all across UAE.

Tashiid

Tashiid is one of the oldest development corporations in the UAE; as part of the ADDCO group. Tashiid laid the foundation and completed landmark projects such as Al Dhafra Airbase, LULU Island, Abu Dhabi Old Airport, Ghaiti City (redevelopment) and Abu Dhabi Central Airport.

Geomatics

ADDCO’s geomatics division focuses on the observation, measurement, analysis management, and utilization of geographic, spatial and other geo engineering fields. It deals with the science of the earth and aims to expand research into the field of geomatics in the region.

Emaara

Emaara is one of the pioneering architecture and civil engineering firms in the UAE. The company is part of the ADDCO group and provides state of the art development and design of buildings, palaces, hotels and resorts, government offices, healthcare centers, educational institutes.

INSURANCE DIVISION

Al-Ain Ahlia Insurance

The name of Al Ain Ahlia needs no second introduction. With our headquarters in Abu Dhabi, we have a chain of branches across the region covering risk with confidence. We use our experience of over four decades to provide innovative insurance products with a focus on exceeding customers’ expectations through personalized services, trust and reliability.

We provide an extensive range of life and non-life insurance products that are carefully built to satisfy customer’s needs. The company has made its mark in every area of insurance including automobile, engineering, property, marine, energy, aviation, health and life insurance. We are supported by strong reinsurance arrangements with world’s leading reinsurers. This allows us to provide for greater diversification of business and limits our exposure to losses arising from large risks.

Al Ain Al Ahlia Insurance is a public share holding company and was listed in Abu Dhabi Stock Exchange in December 2000. We have achieved a rating of A3 by Moody’s due to the company’s superior capitalization, promising underwriting earnings trend and highly liquid assets base.

Manhal Holding

Manhal holding is the premier construction group of ADDCO responsible for carrying out all forms of building and construction work. It is actively involved in architectural planning, quantity surveying, civil and structural solutions, interior designing, mechanical and electrical installation, as well as maintenance of civil structures. Manhal Holding has successfully developed numerous schools, healthcare facilities, and recreational spots in the UAE.

The Group developed one of the oldest and most prestigious schools in Abu Dhabi – Al Manhal Private School. Having announced the project in the mid-1970s; and in anticipation of a large turnover of students, Manhal Holding acquired a land of approximately 13,200 m² and began construction on the landmark project. The school opened in 1979, and since then, it is seen as one of the leading educational institutes in the country – accommodating a mix of local and foreign students and staff.

Bin Aweidha General Contracting

Bin Aweidha General Contracting was established to offer the highest value in terms of construction and supplies to the development sector. We are equipped with a foreign qualified team of managers and engineers who are fully capable of understanding the scope of a project and gathering the required resources to complete it. We pride ourselves on time and quality commitments, and that is why we are seen as the pioneers in our niche.

Bin Aweidha Electromechanical

As an ISO certified company, Bin Aweidha Electromechanical has been active in the construction and development sector for decades; and the company is projected to achieve further milestones in the coming years. The company offers a host of electromechanical solutions; such as electrical design and management, plumbing and drainage, cable fitting and fire protection, construction work designing, and air conditioning installation.

THE INTERNATIONAL RATING AGENCY (IRA)

The International Rating Agency, part of ADDCO emulates the model of Moody’s and Fitch to represent credit ratings, analysis, macro intelligence, and financial transparency of leading organizations around the globe.

THE IRA was established to revolutionize the rating analysis of firms as well as to compete with the big 3 for market share. Our solutions are based on intelligent technology to help accelerate progress in the world.

Our experts use state of the art technology to provide key insights, which are used by individuals, companies and even governments to take key decisions with utter conviction. We focus on real-time information that is crucial to how business is conducted around the world.

IRA is committed to provide information using ethical practices; as we are all driven by a sense of integrity towards our work. The values at IRA dictate that our firm leaves no carbon footprint behind. At IRA, we believe in tapping opportunities for businesses worldwide with an altruistic responsibility towards all of our stakeholders. Together, we grow and evolve for a better future.

INVESTING RESPONSIBLY

Driven by an acute sense of giving back to the society, ADDCO is involved in the formation of dedicated funds to improve the livelihood of individuals below the poverty line. Not only that, we are planning to roll out scholarship programs for promising students in partnership with leading educational institutes.

One of our core functions is to create a soft image of the region by promoting female entrepreneurs. We believe that in order for a community to thrive, men and women ought to work side by side. For the group itself, we have reserved a significant quota for females in our different companies.

Since our inception, ADDCO has been pursuing the interests of people and environment first - because for us, success is not measured in revenue but by the positive changes that stem from our contribution.

LULU Island

LULU Island is a man-made island on the outskirts of Abu Dhabi serving both as a recreational spot and as a wall protecting Abu Dhabi from the high tides of the Arabian Sea. We were given the challenging task of managing the sand mounds surrounding the area.

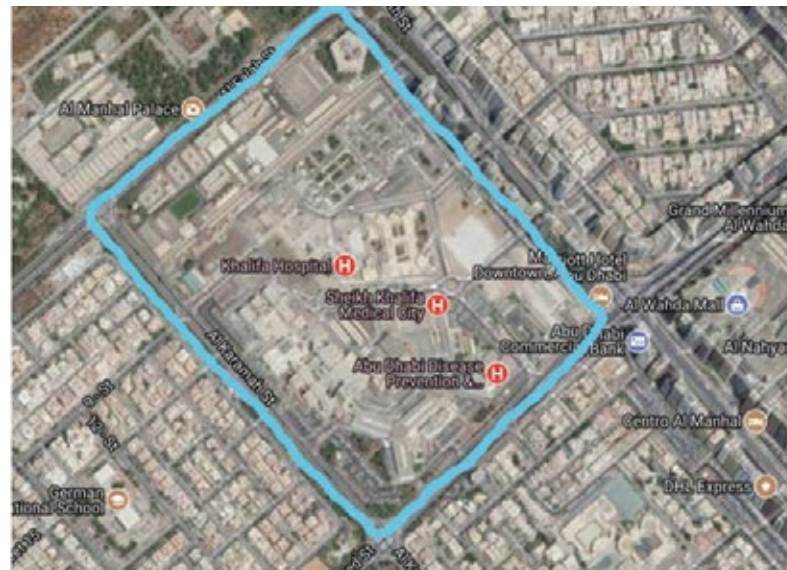

Marib Dam Development

The development of the Marib Dam is another feather in our cap. Located in Yemen, this historic dam dates back to the 8th century – with our redevelopment work ranked as one of the most astounding feats in the realm of engineering.

Abu Dhabi Central Hospital

One of the landmark health-care centers, Abu Dhabi Central Hospital continues to serve patients in the heart of Abu Dhabi. The hospital was built under the leadership of His Excellency Rashid Bin Aweidha Al Qubaisi and features state of the art facilities.

Abu Dhabi Old Airport

Abu Dhabi Old Airport was constructed 5 decades ago under our leadership to serve outbound passengers. Our leadership had anticipated large influx of people from all corners of the world due to a large number of job and business opportunities.

Ghaithi City Redevelopment

When we took over the redevelopment of Ghaithi City, we were faced with plenty of challenges; but with sound leadership of ADDCO's founder, the formerly Bedouin settlement is now a well-established city without losing its touch of heritage.

Putrajaya – Development From The Ground Up

Today, Putrajaya is seen as a cornerstone of development and growth. In the yesteryears, ADDCO with its partners transformed the barren landscapes into lush, green panoramas. The urban infrastructure is also designed with the future in mind – road networks, bridges, buildings, waterbodies are all testament to our vision.

Investment Banking

ADDCO offers you investment banking solutions that cover all types of financial markets. Our team of professional advisors have an international expertise in the provision of services in every period of raising capital. Investors often need advising and support, whether they are just venturing into the investment world or are seasoned investors.

Our work lies in providing our clients with many measured solutions, which lead to corporations obtaining the necessary tools for project management in a professional and precise manner. Due to our extensive experience and our massive data base, we can perform a thorough risk identification and develop the required solutions

Treasury Services

ADDCO's treasury solutions are customized to provide organizations with the backing needed to undertake large development projects. We offer cash management, FX Payment, Escrow and Trade solutions, and FX management solutions.

We also assist our clients in cross-border liquidity challenges, while also providing bespoke products to meet our clients' cash-flow requirements. All of this is done under the supervision of our specialists; who understand the different nuances of an ever-changing market.

Global Trade

For our global trade solutions, we provide a set of integrated supply chain finance, export finance, and traditional trade. The vision is to support small to medium sized enterprises (SMEs) involved in international trade of commodities and tangible goods.

Our global trade experts prepare all the necessary paperwork; such as credit presentations, custom clearance, handling of the shipments from point of origin to point of delivery. Furthermore, we also offer a full range of book-keeping and accountancy services to complement our clients' trading requirements.

Merchant Services

Our merchant services focus on developing and enhancing secure fund transaction processes for clients. We have qualified experts on our payroll to develop innovative payment solutions that leverage digital technologies for a convenient and hassle-free experience.

Our scope of services includes Payment Gateways, Credit Card Virtual Terminals and Fraud Management Solutions. Since the majority of our clients deal in large sums of money, we have fool-proof payment systems in place to thwart any malicious attack. Moreover, our security experts provide round the clock support to our clients' needs.

Capital Market

ADDCO is one of the largest providers of capital market transactions in the region. We provide integrated trading solutions to our clients; whilst offering a single point of contact to manage your transactions in a seamless fashion.

Our Capital Market solutions include UAE Market Trading, Online Trading, Margin Trading, Clearing, Fundamental and Technical Analysis as well as Market Survey. Our Capital Market experts keep a tab on the latest developments in the markets.

Fund Formation

One of ADDCO's key areas of expertise lies in setting up Investment Funds in association with High Net Worth Investors, Govt. Bodies and leading financial institutions such as the ISLAMIC DEVELOPMENT BANK (IDB), etc. These Funds help under-developed communities grow socially and economically through multiple commercially viable investment & development initiatives. THE ECONOMIC EMPOWERMENT FUND (EEF) and the GLOBAL EDUCATION FUND (GEF) initiated by ADDCO are such examples. The EEF aims at improving economies of countries ravaged by war and natural catastrophes. The GEF aims at making high quality international education accessible to deprived communities far and wide across the far reaches of the globe.

Corporate Support

At heart, ADDCO is a client-centric group, and we strive to serve the best interests of both i.e., clients and the community. In line with this ideology, our corporate support division focuses on building sustainable wealth for all stakeholders involved. We work closely for NGOs and Public Benefit Organizations to better understand the issues at hand, and invest towards the betterment of communities.

AND THE LEGACY CONTINUES..
